**Sub: EKI Energy Joins hands with Partnership for Carbon Accounting Financials (PCAF) accreditation to advance sustainable finance in India.**

Dear Sir(s),

EKI Energy Services Limited is pleased to announce its enrolment in the Partnership for Carbon Accounting Financials (PCAF) accreditation program, aiming to empower financial institutions to adopt the PCAF Standard, enabling them to measure and report greenhouse gas (GHG) emissions associated with their loans and investments and aligning financial practices with global climate goals.

EKI will leverage its extensive expertise in carbon footprint assessment, carbon credit trading, and sustainability strategy to guide financial institutions in integrating science-based targets into their operations. By adopting these standards, institutions can align with the Paris Agreement's goals and play a pivotal role in accelerating the transition to a low-carbon economy.

Key highlights are detailed in the press release below.

The above information will also be made available on the website of the Company: [www.enkingint.org](http://www.enkingint.org).

We request you to kindly take this information on record.

Thanking you

Yours Faithfully

## **EKI Energy Joins Hands with Partnership for Accounting Financials Accreditation to Advance Sustainable Finance in India**

**New Delhi, [16 December 2024]:** EKI Energy Services Ltd., a global leader in carbon consulting and climate action solutions, is proud to announce its enrolment in the Partnership for Carbon Accounting Financials (PCAF) accreditation program. EKI is only the second entity in India to embark on this journey, strengthening the country's commitment to aligning financial practices with global climate goals.

Sustainable finance is evolving rapidly in India from its nascent stage, fuelled by initiatives like the Reserve Bank of India's Framework for Green Finance and the nation's pledge to achieve net zero by 2070. Through the PCAF accreditation, EKI aims to empower financial institutions to adopt the PCAF Standard, enabling them to measure and report greenhouse gas (GHG) emissions associated with their loans and investments.

### **Driving Climate Action in Finance**

As an accredited PCAF partner, EKI will leverage its extensive expertise in carbon footprint assessment, carbon credit trading, and sustainability strategy to guide financial institutions in integrating science-based targets into their operations. By adopting these standards, institutions can align with the Paris Agreement's goals and play a pivotal role in accelerating the transition to a low-carbon economy.

Commenting on the collaboration, **Mr. Manish Dabkara, Chairman and Managing Director of EKI Energy Services Ltd.,** said, "We are dedicated to empowering organizations to align with global climate objectives and implement impactful climate actions. Joining the PCAF accreditation journey is a significant milestone in our mission to support India and South Asia's financial institutions in measuring, reporting, and managing their portfolio emissions. Together, we aim to drive the region's transition to a sustainable, low-carbon future."

**Mr. Bart van Lunteren, Accredited Partner Lead at PCAF,** further added, "We are delighted to welcome EKI as it embarks on its PCAF accreditation journey. This collaboration highlights our shared commitment to equipping financial institutions with the necessary tools and resources for accurate GHG accounting. As India's sustainable finance spectrum grows, we look forward to seeing EKI contribute to the region's green economy transformation."

The PCAF accreditation program involves rigorous training through the PCAF Academy, equipping consultancies with the knowledge and expertise required to

support financial institutions in adopting the Global GHG Accounting and Reporting Standard for the Financial Industry

### **About EKI Energy Services Limited**

EKI Energy Services Limited is a leading Carbon Credit Developer & Supplier across the globe. It is the first ever company to list a Plastic Project from India with Verra - a global accreditation standard located in Washington, USA. Founded in 2008, the Bombay Stock Exchange (BSE) listed company has been passionately working towards rehabilitating the planet to a future of net-zero carbon emissions. EKI offers sustainable solutions for climate change and carbon offsets with global standards like CDM, VCS, Gold Standard, GCC, IREC, TIGR and others. With an aim to contribute to the development of a climate resilient global economy, the company offers strategic solutions to businesses and organizations globally to achieve their climate ambition. EKI offerings span across Carbon Credit/Asset Management, Carbon Credit Generation, Carbon Credit Supply, Carbon Credit Offsetting, Carbon Footprint Management, Sustainability Audits, as well as Carbon Neutrality and Climate Positive initiatives. The company is present in 16+ countries and has 3500+ customers across 40+ countries. As on date, EKI has supplied over 200+ million offsets. Visit our website to know more: <https://enkingint.org/>
